Forecast for Friday 18 Nov 2022

Weather: Mostly cloudy with outbreaks of rain, turning light and patchy this morning with drier interludes developing. Brighter this afternoon with some light showers, especially over western fells. Feeling cold at height. Becoming mainly dry in the evening with clear periods.

Chance of cloud-free hill tops above 800m: 20% rising to 60% this afternoon and 80% this evening.

Low cloud and visibility: Extensive cloud, base 600 to 900m, patches to 300m at first, lifting and breaking up during the day. Visibility moderate or poor in rain or showers, becoming most good lower down, but very poor at times at height.
